JYOTI BUILDTECH (P) Ltd.
Development with Modern Technology

Jyoti Buildtech (P) Ltd. Is a consortium of highly and experienced personal involved in the field of construction activities with its registered offices at Delhi & Branch offices at Lucknow, Kanpur and Ghaziabad. The firm had its inception in the year 1989 under the leadership of Mr. Charanjeet Singh, a qualified engineer himself.

Beginning modestly, the firm has grown over the years increasing both the scale and scope of the work handled by it. At present, its spectrum of land development works includes Site Grading of Earth/Fly ash in excavation & filling involving mechanical compaction, Rigid and Flexible pavement/Highway, trunk sewers, trunk water supply, sewage pumping stations, underground reservoirs, rising mains to sewers, civil structural and building works etc.

The firm has always believed in gearing itself for facing bigger challenges. It has constantly been updating its infrastructure and today it finds itself capable of handling any kind of work of any magnitude in the field of construction. The firm has a vast experience especially in deep excavation works encountering heavy sub-soil water table.

At Present, the firm is registered as Class I Category in various Government Departments and Statutory bodies such as P.W.D., L.D.A, Irrigation, Uttar Pradesh Power Supply, U.P.Jal Nigam, Mandi Parishad, Lucknow, U.P.S.I.D.C. etc.

The firm is a reputed quality oriented leading concern for executing infrastructure land development works in/around and outside Delhi. The firm is technically and financially sound to handle work of any magnitude in its field.

Within short span of 8 years, Jyoti Buildtech P Ltd. Has successfully completed many quality works.
